

Interested in working on Aratina and other projects?

Consider applying for a local union apprenticeship.

Kern County Electrical Joint Apprentices and Training Committee (IBEW Local 428)

A union of 750,000 members, the International Brotherhood of Electrical Workers (IBEW) is the largest organization of electrical workers in North America. Their members work in nearly every part of the economy: construction, utilities, telecommunications, broadcasting, manufacturing, railroad, and government.

Phone number: 661.324.0105 | Email: office@428jatc.org

- 5-year paid apprenticeship program allows applicants to learn on a full-time job and biweekly in a classroom setting. The program is designed to finish with completion of a California State Electrician Certification.
- Qualifications are 18+ years old and a high school education (Diploma or GED). Transcript must be included in application, with a minimum HS or college Algebra grade of "C".

Ironworkers Local 433

Ironworkers install structural and reinforcing iron and steel to form and support buildings, bridges, roads, and solar plants. The opportunities for advancement in ironworking are endless. Work hard and learn the trade, and you might one day become a supervisor or own your own business.

Apprenticeship school phone number: 714.288.9744 | Union Hall phone number: 626.964.2500

- Applicants must appear in person at the Apprenticeship School at 5555 Fresca Drive, La Palma, CA 90623, open Wednesdays from 1-3 with relevant documents.
- 4-year paid apprenticeship program allows applicants to do paid work fulltime while learning the trade.
- Qualifications are 18+ years old and a high school education (Diploma or GED). Transcript must be included in application.

LIUNA! Local 220

LIUNA – the Laborers’ International Union of North America – members are a skilled and experienced union workforce trained to work safely in the construction and energy industries.

Members build infrastructure – from roads, bridges, and transit to schools and skyscrapers. They are certified to install rainwater catchment systems and trained to build water and sewer systems. Members also work in every area of the energy sector, helping to build solar plants, wind farms, and natural gas and oil pipelines, as well as being skilled in the maintenance of nuclear and coal power plant facilities.
